Sheltering Wings

Mission: Sheltering Wings provides emergency housing for women and children suffering from any form of domestic abuse. We build stable and independent lives through essential programs offered in a supportive and Christ-centered environment.

- We provide a safe, 24-hour haven for women and their dependent children suffering the effects of domestic violence.
- We help victims of domestic violence build stable and independent lives through case management and mentoring programs.
- We address the physical and emotional needs of children who have witnessed or suffered abuse through crisis intervention, positive support, and education in healthy relationships.
- We strive to break the cycle of domestic violence by educating our community on its realities, actions they can take in response and resources available to those in unhealthy relationships.

Project A.N.G.E.L.

Angels protect and guide us. They lend a hand during tough times.

Now more than ever, we need Angels to help us bring hope to families who have fallen on hard times. It's hardest on the children who don't understand why things have changed. It's even harder at Christmas when every child dreams that Santa Claus will bring them gifts.

Giving food, clothes, and toys has been **Project A.N.G.E.L.'s** mission for more than 30 years. Started by Hendricks County Sheriff's Department employees who saw firsthand, the need.

Each year, our community gathers to collect donations of food and money from businesses and individuals. The bounty is given to help families who have been approved through a confidential application process.

Lending a hand during these troubled times is a gift all in itself.

Healthy Families America

Healthy Families knows that you, as a parent, are the most important person in your child's life. You, better than anyone else, know how to recognize and care for your child's needs. As a parent, you make the biggest difference in your child's growth and development.

Parenting is the toughest, yet most important and rewarding job that you will ever have! All parents need that little bit of extra support and encouragement as they care for their children. Healthy Families wants to share in your joy and offer our support to you during your parenting adventure.

Sycamore Services, Inc.

Sycamore Services, Inc. makes a difference in the lives of individuals with disabilities and others experiencing daily challenges by providing individualized training and services to increase independence and enhance their quality of life.

The Children's Services department focuses on supports for children and their families. This includes early intervention therapies through the Indiana's First Steps system. Sycamore's Therapists utilize individualized strategies to assist children at risk of having, or already diagnosed as having developmental delays with a goal of helping each child reach his or her full potential. Services are now available to children from birth to age 18.
