

Parents are the key to a successful educational experience.

Parents have decision and policy making power and are involved in all parts of the program. As a Head Start parent, you will be offered many opportunities to become involved in your child's education and be encouraged to develop family goals as well.

This institution is an equal opportunity provider.

What is Head Start?

Head Start is a federally funded, income based program that recognizes parents and/or guardians as the child's most important teachers.

Children are encouraged to participate in a variety of learning activities to help them develop intellectually, socially, emotionally, and physically. Families have access to programs and services to help them achieve their individual and family goals. There are many community resources available to assist families in achieving self sufficiency. Head Start staff will guide families to appropriate community resources.

Hendricks County Head Start Programs Include:

Center Base Half Day:

Children ages 3-5 come to the Head Start center Monday-Thursday for 3.5 hours a day. This program runs through the school year (September-May). Meals provided.

Home Base:

A Home Visitor will come to the home to work with your child one on one. Visits are one day a week for 90 minutes. Socializations are twice a month. This program runs through the school year (September-May).

Extended Day:

Children ages 3-5 attend Monday-Friday for 6.5 hours a day. There is no transportation for this program. Meals provided.

Head Start provides services in the following areas:

- Child Development
- Parent Involvement
- Social Services
- Nutrition
- Disabilities
- Health
- Hearing and Speech Screenings
- Vision Screenings
- Developmental Screenings and Assessments

School readiness, health services, social services, and family engagement are the major components of the Head Start Program.
