

## **Power Parent Student Directions**

An account is automatically generated for students in grades 5-12. Their login is as follows:

**Username:** S followed by student ID (i.e. S12345678)

**Password:** a random code is generated by the student's school. The password can then be changed by click on "Account Preferences."

PowerSchool offers parents real-time access to grades, attendance, and class information. You can enter the PowerSchool program by using any web browser.

### **Q. How do I see individual assignment grades?**

A. To see individual assignment scores, first click the Grades and Attendance icon. If you click on the grade listed for the subject (blue link), it will take you to a page listing the individual assignments and scores which make up that grade.
